S. No.	Financial evaluation	Criteria	Grading	Max Points	Evidence
3.2	Average Revenue of the last 3 years (USD million)	≥ 50	15	15	Audited accounts of the bidders by reputed firms registered with local Accountancy bodies

As per the submitted Bid, the two pieces of information w.r.t to the financial information were found. One a summary table of the revenue of each year (which was also presented in the February 4, 2022 letter) and second financial statements of the Bidder. There was an inconsistency in both the pieces of information as the revenue stated in the financial statements did not match the revenue provided in the summary table. 2019	80,182,175
2020	87,365,441

Year	Revenue (USD)
2018	7,273,900
2019	12,535,516
2020	13,658,533

The average revenue in USD computes to **\$11,155,983**

The Bidder stated in its letter that “*consolidated reports were delayed on account of Notary Public for Notarization & Embassy Certification purpose*”. It must be reiterated that no substance change in the bid is allowed, with the exemption of rectifying an arithmetic error, and only the submitted documents were reviewed for the purpose of evaluation and any additional documents submitted would not be considered for evaluation as stated in ITB 21.1 of the RFP, which states:

“To assist in the examination, evaluation and comparison of the Technical Proposals and /or Financial Proposals, the Employer may, at its discretion, ask the Bidders for any clarification, additional information or supporting documentation in respect of any matter associated with the documentation submitted by the Bidders in their Bids. Any such request and the response shall be in writing and no change in the price in the Financial Proposals or substance of the Bid shall be sought, offered or permitted except to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the Bids, in accordance with ITB 22.4”
