Primary & Secondary Health Care Department

Govt of Punjab

1-Birdwood Road Lahore

Subject: Demand of Inquiry & Appeal Against Disqualification in Tender Design, Supply, Installation, Testing & Commissioning of Net-Metering based Solar PV Systems (110KW on Grid)

Drug Testing Laboratory Rawalpindi

Reference to your letter no. SO (C&C) I-31/2024(RWP) dated 21.11.2024, in which Director General (Drug Control) was directed to inquire the matter and submit report in 07 days regarding subject tender. But it is regretfully informed that, despite of lapse of 21 days, we have not contacted.

This lack of communication raises questions about the fairness and transparency of the process. Furthermore, we have firm reasons to believe that the tendering procedure has been influenced by favoritism towards a particular company. Such practices, are a matter of grave concern as they undermine the principles of fair competition and equitable opportunity.

We kindly request your immediate attention to this matter and urge you to ensure justice regarding the criteria and processes followed during the tender evaluation to make best use of public money. Ensuring transparency and impartiality is critical for maintaining trust and integrity in the tendering system.

We hope this issue can be resolved promptly and in accordance with ethical and legal standards.

Thank you for your consideration.

Yours sincerely,

Engr Muhammad Nadeem Asad
