REF # HSAB/KDA/SPPRA/KHI/1723-23

Date: 24-06-2023

To

The chairman Complain Rederessal Committee (CRC)
Karachi Development Authority.
Karachi.

SUBJECT: APPEAL FOR MECHANISM FOR REDRESSAL OF GRIEVANCES FOR THE PROJECT
CONSTRUCTION OF ROAD, WALKWAY AND SEA WALL AT SEA FRONT BETWEEN
DOLMEN MALL AND CHINA PORT, CLIFTON KARACHI.

REF No: AO/Secy/PC/KDA/2023/01/L, Dated: 23-06-2023 SPPRA ID# T00586-22-0007

Technical Evaluation.

Dear Sir,

1. While we recount a number of mega projects to our credit, we ventured into the above mentioned Project of KDA to contribute our services and myth. We have however noted with regret dropping of our Company's bid on account of Technical unsuitability, which we could hardly digest.
2. Our firm has consistently demonstrated exceptional performance, unwavering commitment, and a proven track record of delivering outstanding results in our industry. We have always adhered to the highest standards of professionalism and have maintained strong ethical practices throughout our operations. Therefore, it came as a great surprise and shock to learn that we were not considered qualified for the aforementioned opportunity.
3. We challenge the forte of the Evaluators/Consultants, we are equally confident on our footings, expertise coupled with rich experience of our professionals. We feel that either some misunderstanding or wrong interpretation prevailed resulting in mis-evaluation. If specific points where we are supposedly lacking are known to us we may be able to explain and even make it good. It is our passion to undertake the challenging task.
4. We may further add that in normal circumstances we would have even ignored it, but given the fact that KDA is presently spearheaded by a most Corrupt and Blue eyed officer and the Procurement Committee have the corrupt member and they only qualify their favorite Contractors in every Mega Project of KDA.

5. As a responsible member of the business community, we have always upheld the principles of integrity, transparency, and fair competition. However, the recent incident has raised serious doubts about the fairness of the selection process. It has come to our attention that the tenders have been awarded to contractors with alleged preferential treatment, rather than on the basis of merit, competency, and adherence to the prescribed rules and regulations.

6. In addition, we request you to check the Previous tenders, it was common practice that most of the tenders awarded to few particular contractors which is also the part of record, hence, now we will not let the wastage of money of metropolitan city Karachi like this.

7. We do not have any positive hope from the committee member for any fair decision however, we believe in transparency.

8. Furthermore, it came in to the notice that one of the key person of KDA department has rewarded with extension in his retirement to give favor to the favorite contractors.

As per the Sindh Public Procurement Regulatory Authority (SPPRA) rules, I would like to draw your attention to the following points:

A. Transparency and fairness: The SPPRA rules emphasize the importance of ensuring transparency and fairness in all procurement processes. Our complaint arises from our belief that the selection process did not adhere to these principles. We request a thorough investigation to ensure that the evaluation of our firm was conducted in a fair and unbiased manner, in line with the SPPRA rules.

B. Review and redressal: The SPPRA rules provide provisions for the review and redressal of complaints regarding procurement processes. We are availing ourselves of this opportunity to present our case and request a reconsideration of our firm's qualifications for the said opportunity. We trust that the committee will diligently review our complaint and provide a fair resolution based on the SPPRA guidelines.

C. Evidence and documentation: In accordance with the SPPRA rules, we are willing to provide any additional evidence or documentation that supports our claim of non-qualification. We believe that a careful examination of our firm's credentials, achievements, and contributions will highlight the injustice done to us.

D. Communication and updates: We kindly request that the committee keeps us informed of the progress made in addressing our complaint. This is in line with the SPPRA rules, which emphasize the importance of effective communication and transparency throughout the complaint redressal process.

9. Furthermore, if we will not get the justice from the concerned authorities we will file this matter in the court for further action.

10. We hope that this request would meet your positive node and we will be given opportunity to serve the KDA with the same spirit, in case we are declared the Lowest Bidder.

The undersigned would be in a better position to personally explain the facts, if so desired.

Thank you for your attention to this matter, and we remain hopeful for a favorable resolution

With Kindest Regards,

Yours truly,

For Haji Syed Ameer & Brothers
