To,
The Chairman,
Central Procurement Committee (CPC),
Government of Sindh, Karachi

SUBJECT: GRIEVANCE LETTER AGAINST COMPARATIVE STATEMENT OF TENDER # 1G OF ORTHOPEDICS IMPLANTS UNDER PROCUREMENT MONITORING & INSPECTION CELL HEALTH DEPARTMENT, GOVERNMENT OF SINDH FOR THE YEAR 2023-2024

Dear Sir,

Referring to the comparative statement published on June 30, 2024, on the SPPRA / PPMS portal, we believe that an error has been made in the department's evaluation. Our participation in this tender was both as an Importer and a Distributor, yet we were disqualified due to submitting alternate offers. The criteria for disqualification were not applicable to RECH International as a Distributor, as we submitted only one offer in this capacity. Additionally, please note that we provided separate tender receipts and bid securities for each offer.

In the previous tender for the year 2022-2023, we participated in the same capacities and were awarded contracts for our quoted offers and not in just the previous year similarly, in the current year, we participated in the same tender for different category 1D and were qualified as both an importer and distributor (*evidence enclosed*). We kindly request that you review your decision and consider both of our offers as responsive.

We RECH International only quoted Orthopedic Tumor Implants in this tender, if our offers is not considered, it could result in severe consequences for poor patients, including the risk of suffering and amputation due to the unavailability of these critical implants.

Also note that, during the financial opening, the bid security for our Distributor role was announced, but the bid security for our Importer role was not disclosed. When our representative inquired, we were informed of a typographical error and were assured that our financial offer had been opened and that we were technically qualified in both capacities.

Furthermore, we have observed several discrepancies and non-compliances among the bidders who were qualified. In light of these observations, we respectfully request you to reassess the bid documents and take action against these companies as per SPPRA rules:

1. M/S MEDICAL CORPORATION

- DRAP registration/enlistment of the quoted products is mandatory for participation in the bidding process; however, quoted products are not registered.
- FID attestation on DRAP registration and DML is necessary, as the bidder does not have these documents how can they get attestation?
- Products must be FDA / CE approved as per tender specifications on page # 71; however, their products are not FDA / CE approved.
- The bidder does not meet the mandatory criteria of an average yearly turnover of PKR 200 million for the last three years.
- The bidder does not have a DSL and DRAP Establishment license to manufacture medical devices locally.

The aforementioned bidders, whom you have qualified, do not meet the mandatory tender requirements. To ensure fairness and adherence to regulatory standards, we respectfully request the following actions:

Review, Verification & Disqualification of Non-Compliant Bidders:

Conduct a thorough review and verification of the DRAP registration/enlistment status, FDA/CE certification, and other mandatory requirements of all qualified bidders for the current tender.

Immediately disqualify and blacklist any companies that do not meet the mandatory requirements and have submitted fraudulent certificates.

We trust that you will take the necessary steps to address these issues promptly.

With Kind Regards,
