

## Vision Security

The Director (Admn) MVR  
Excise, Taxation and Narcotics Control Department  
Government of Sindh  
Karachi

Date: August 4, 2020

SUBJECT: PRODUCTION AND SUPPLY OF SECURITY FEATURED VEHICLE NUMBER PLATES

Dear Sir,

"The Sindh Public Procurement Regulatory Authority is an autonomous body endowed with the responsibility of prescribing regulations and procedures for public procurements by Sindh Government owned public sector organizations with a view to improve governance, management, transparency, accountability and quality of public procurement of goods, works and services. It is also endowed with the responsibility of monitoring procurement by public sector agencies/organizations and has been delegated necessary powers under the Sindh Public Procurement Act 2009 and Sindh Public Procurement Rules 2010."

In view of the above, Every Department of Sindh province and public sector organizations should go through the procurement procedure defined in SPPRA 2010 for wide, fair and transparent competition the procurement procedures defined in SPPRA 2010

We have come to know that your department is now treasuring in backdoor discussions with certain government entity for the subject procurement, which will be truly profit making for particular company as well as restriction of competition. Also it will rise the cost of said procurement and will cause the multi billions losses to national exchequer due to the award of contract on non-competitive basis. And also deprive government for doing business at lower price or pushes government to pay higher cost.

You are requested to exercise in due caution and prudence. It is expected that the SPPRA rules for any procurement will be followed to ensure wide and transparent competition. Also it will be cost effective and better system can be purchased in cheap price.

According to certain judgments of the Honorable Supreme Court any procurement should be done by following the PPRA Rules to get the best price / transparency whether it is government to government company or with any private company. Therefore we request that SPPRA rules are followed in the Security Features Number Plates project to attain the best price and quality.

Thank you,  
Regards,

  
Manager
