Subject: Complaint Regarding Irregularities in Tendering Process in Karachi (Development) PHED Division

Dear Sir/Madam,

I hope this letter finds you in good health and high spirits. I am writing to formally lodge a complaint regarding severe irregularities in the tendering process within the Karachi (Development) Division, PHED specifically targeting Executive Engineer Mr. Akhtar Memon and Assistant Engineer Mr. Nasar Imam.

I wish to bring to your immediate attention the following points of concern:

1. **Tenders Worth 1 Billion Rupees:** Tenders issued for water supply and drainage projects amounting to one billion rupees in District Malir East.
2. **Lack of Merit in Allotment:** Tenders were distributed based on political affiliations rather than merit.
3. **Fake and Missing Call Deposits:** Call deposits were either fabricated or missing to favor certain contractors.
4. **Earnings Through Bank Deposits:** Money was earned through bank deposits during the success of full bidders who did not have call deposits.
5. **Non-Professional Contractors:** Tenders were awarded to contractors lacking professional qualifications.
6. **Advance Payments:** An amount of 200 million rupees was paid to contractors as advance payment without any work being initiated at the site.
7. **Violation of SPRRA Rules:** The tenders were not posted on the SPRRA website, ignoring the rules set by the Sindh Public Procurement Regulatory Authority (SPRRA).
8. **Ignored Directives from MD SPRRA:** Numerous letters issued by the MD SPRRA for correcting tender documents were ignored by Executive Engineer Mr. Akhtar Memon, favoring select contractors.
9. **Non-Payment of DR Fee:** The contractors did not pay the necessary DR fee.
10. **Commission Collection:** A 20% commission was collected by the favored contractors.
11. **Issues in Technical Sanctioning and Tendering Process:** Multiple issues were present in the technical sanctioning and tendering process, and details were not posted on the SPRRA website in a timely manner.

12. **Non-Compliance with NAB Advertisement Rules:** The rule states that any advertisement of tenders should be submitted to the NAB office before being published. This rule was not followed (Advertisement copy in the newspaper attached).

These actions not only undermine the integrity of the tendering process but also result in significant financial losses and inefficiencies in the development projects. The blatant disregard for rules and regulations needs to be addressed promptly to restore transparency and accountability.

I, therefore, request you to take strict and immediate action against the officers involved, specifically Executive Engineer Mr. Akhtar Memon and Assistant Engineer Mr. Nasar Imam. They must be investigated and punished according to the applicable laws and regulations to deter such malpractices in the future.

Enclosed with this letter are copies of relevant documents and evidence to support the claims mentioned above. I trust your office will conduct a thorough investigation and ensure justice is served.

Thank you for your attention to this matter.

Yours sincerely,

1. Muhammad Juman Khameeso
Govt. Contractor
