CEO,
National Disaster Risk Management Fund (NDRMF),
Islamabad,

Subject: Complaint against Ms. Nabeela Mehak's involvement in tender process for "STRENGTHENING HEALTH SYSTEM TO FIGHT AGAINST COVID-19 & OTHER HEALTH EMERGENCIES Fully funded by NDRMF Islamabad"

Dear Sir/Madam,

I am writing to bring to your attention a matter of grave concern regarding the tender process for "STRENGTHENING HEALTH SYSTEM TO FIGHT AGAINST COVID-19 & OTHER HEALTH EMERGENCIES," which is fully funded by NDRMF Islamabad. It has come to my attention that Ms. Nabeela Mehak, a self-proclaimed biomedical engineer, is involved in corrupt and illegal practices that are undermining the integrity of the tender process.

I would like to highlight several instances where Ms. Nabeela Mehak's actions have raised serious doubts about the fairness and transparency of the tender process:

1. **Deliberate Manipulation of Tender Advertisement:** Ms. Mehak deliberately uploaded the tender advertisement only on PPRA without publishing it in newspapers on June 23rd. Only after concerned bidders raised this issue, she published the advertisement in a newspaper on June 28th & issued bidding documents on last working day before Eid. This timing coincided with the Eid holidays, which began on June 28th and lasted until July 3rd. Moreover, she scheduled the pre-bid meeting on July 4th, immediately after the holidays, thereby giving bidders insufficient time to adequately prepare for the meeting.
2. **Unjustified Splitting of Machines into Different Lots:** Ms. Mehak has split the machines, including ultrasound, X-ray, and CT scan machines, into different lots in the bidding documents. This division seems to be motivated by her personal dealings with specific companies like Vertex, Siemens, Strongman, and MNM, as these companies

benefit from the fragmentation of the machines that fall under the radiology category & Furniture Category as well. Just further designed/splitting these lots (Radiology & Furniture) seems suspicious.

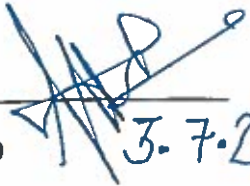

Furthermore, I would like to bring to your attention that there are ongoing inquiries against Ms. Nabeela Mehak due to her previous involvement in illegal practices and corrupt activities in past tenders. Her illegal appointment in the health department of Gilgit Baltistan has also raised serious concerns.

I kindly request you to conduct a thorough investigation into these allegations and take appropriate action to ensure the fairness and transparency of the tender process. It is crucial to uphold the principles of accountability and integrity in public procurement to safeguard the public interest and allocate resources efficiently.

Thank you for your attention to this matter. I trust that you will take prompt action to address these concerns and prevent any further damage to the tender process.

Yours sincerely,

CEO
