- v. PROCUREMENT OF OPERATION, MANAGEMENT AND MAINTENANCE (OM&M) CONTRACTS FOR SIX (06) PACKAGES OF TUNNELS ALONG WITH ALLIED FACILITIES ON NATIONAL HIGHWAYS AND EXPRESSWAYS TILL 30-06-2025 (02 CORRIGENDUM) COPY ATTACHED.

Respected Sir,

This has reference to the above stated Procurements of National Highway Authority for the next period i.e. ending on 30th June 2025, following facts are humbly submitted for your perusal and kind consideration:-

1. It has been observed with serious concern that the Member Finance and GM Revenue are violating continuously the rules and regulations of Organization and PPRA Rules while using different tactics for delaying the final decision of issuance of above stated procurements of different cadre to the respective Contractors.
2. It is to bring in your kind notice that both the Member Finance and GM Revenue are convoluted the final decision of Procurements. They are awarding and running these Projects on Imprest with mutual understanding of certain Contractors either for an attraction of **illegal collection of money** or on Political Approaches, which open the way towards corruption and this act, is strictly prohibited as per Law.
3. In the recent past Member Finance and General Manager Revenue **make changes in the Procurement Criteria** to enter their own Companies and entertaining certain Companies for **taking financial benefits** from them. Likewise, they have **reduce and limited the award of number of Procurement** from two or more to single Contractor to single Package as per previous practice in vogue. Resultantly, the competition among the Contractors for offering rates for Procurement has reduced and finish in respect of winning the Projects. **The Contractors are now in absence of competition getting the Projects on a very high invoice price for their services of Operation, Management and Maintenance.** In this way it leads a huge loss to the National Highway Authority. **Therefore, Procurements of difference discipline recently awarded to Contractors may be declared as null and void and instructions / directions are to be issued for fresh re-tendering process.**
4. Presently, there are many Projects of Police Fine Collection, Weigh Stations and Tunnels are running on Imprest at very high rates as compared to the routine rates previously operated by difference Contractors. The detail facts sheets showing the previous record of these projects along with the Letter of Allotment (LOA) and Letter of Commencement (LOC) are attached for your perusal as compared to the current Imprest rates.
5. For instance, the detail of different delayed Procurements are as under:-
 - a. In case of the subject serial (i)/Ante (Flag-A attached), the Bid submission was carried out on **15th Sep 2023**, the Technical Evaluation after finalization Uploaded on NHA Website on **21st September, 2023**, then after opening of the Financial Evaluation, the final result was Uploaded on NHA Website on **14th December, 2023**. **However, further process of the procurement i.e. issuance of Letter of Allotment (LOA) and Letter of Commencement (LOC) to the most advantageous bidders since 15th December, 2023 are still awaited and not issued by the Member Finance and GM Revenue till to-date almost 622 days delayed.**
 - b. It is also pointed out that in addition to Serial (a)/Ante, certain Packages of Permanent Weigh Station (PWS) were awarded on Imprest by Member Finance & GM Revenue on

huge monthly invoices as compared to the low monthly Invoice rates of most advantageous Contractors in the said procurement.

- c. Similarly, for subject serial (ii)/Ante (Flag-B attached), the Provision of Operation, Management & Maintenance (OM&M) Contracts for 11 x Packages of National Highways & 22 x Packages on Motorways of Permanent & Mobile Weigh Stations for the period ending on 30-06-2025, bids were submitted on 10th June, 2023, its Technical Evaluation carried out on 28th June, 2023 and Financial Opening result announced on 12th July, 2024. But in this case also till to-date the most advantageous bidders have not been uploaded on NHA Website almost delayed for more than 32 Days.
 - d. In the same way, many locations of Weigh Stations are also handed over to the Contractors on imprest with huge invoice amount on monthly bases by Member Finance and GM Revenue, which is straight loss to the Organization and State Enterprise.
 - e. Furthermore, it is seen that in case of serial (iii)/Ante (Flag-C attached), the procurement of 30 x Packages of Police Fine Collection were delayed unknowingly and certain Packages of PFC were allotted to Selective Contractors on Imprest with high rates on monthly invoices as compared to the previous procurement rates and practice in vogue of the Organization. However, the procurement process has been recently finalized after Financial Announcement by respective Department and the LOA and LOC would expect to be issued shortly to the winner Contractors.
 - f. Similarly, in case of serial (vi)/Ante (Flag-D attached), the Operation Management & Maintenance (OM & M) of Toll Plazaz and Collection of Toll Revenue on net Guaranteed monthly fixed revenue basis on Central Zone, North Zone, South Zone and West Zone, are operating and running from the last One Year on Imprest, which is also the discouragement of merit decision by Member Finance and GM Revenue. In this manner of running these Projects, there is a huge loss to the National Highway Authority and National Exchequer, because the Organization makes huge payments to the Contractors against their services instead of collecting huge revenue for the Organization.
6. In the light of afore mentioned detail facts, it is requested to look into this issue with great concern and order investigation for the matter to take regulatory step for the violation and pass on strict direction to the Member Finance and GM Revenue for re-tendering of all recent Procurements. This will save much amount to the NHA and will provide justice to all the Contractors to participate in the new Procurements of Projects accordingly.
 7. Furthermore, Member Finance and GM Revenue may be immediately suspended from their services and punish on this illegal actions and loss to the National Highway Authority. A proper enquiry / investigation may be carried out thru Authorized Committee as per the rules of the National Highway Authority and other respective Departments / Quarters of the Government of Pakistan to save this loss to the Organization.

It is hope with great expectations; looks forward for sincere cooperation from your Honor and shall highly appreciate early direction in this regard, please.
